# SPIRIT OF THE TIMES

Tuesday, April 26 1853.

R. LERCE AND H. S. CORY, ESCORA A Lauded Democracy, an eternal basis for Repub-lies.—A Lauded Aristocracy, the foundation of monarchies unit despotisms.— Young America The trans and mankind has not been born with an dies on their becker. Nor a favored is w. 1 dots and sparred to rate them legitimately by the grace of God - Affern's last Letter.

STATE ELECTION. DELECTION TUESDAY, OUT HILL FOR GOVERNOR WILLIAM MEDILL, of Pairfield. LIEUT. GOVERNOR. LESTER BLISS, of Allen. SECRETARY OF STATE. TREASURER OF STATE, JOHN G. BRESLIN, of Seneca. UDGE OF SUPREME COURT. THOMAS W. BARTLEY, of Richland. ATTORNEY GENERAL. GEORGE W. McCOOK, of Jefferson. BOARD OF PUBLIC WORKS WAYNE GLIWSOLD, of Pickaway.

SIGNS OF THE TIMES. There is much in the present state of our country to excite the admiration of every philanthropist, and to invite the investigation of the curious in all parts of the worl !. The United States as compared to other governments, has only just sprung into existence. Those of the old world count their centuries. while men are still living, whose bing dates anterior to that of our nation and nearly all are conversant with its Dallas county, Alabama, on Monday 18 entire history. Senree a school boy that cannot enumerate almost the entire list of worthies that have figured in went to Cubu with a faint hope that its science, and in the administration of the delicions climate might restore his health. government from the colonial delega. He met the most generous hospitalities tion down to the time at which we write, of the planters of the Island, and the On the other hand, when contrasting outh of Vice President was duly adminour present position, with what it was istered to him by Judge Shanker, our at our origin, space seems to widen - Consul under the provisions of a special time lengthens out in our imagination. Inwofthe last session of Congress. and maturity seems to be developed in Mr. Kino has long enjoyed the public our entire being. The United States confidence of the country. As Minister a man greater in his pretensions or words seem to have accomplished so much at. to France, his residence at Paris was ready, that we are almost led to doubt popular and courteous, and his Presidenour convictions, and look upon it as a cy of the United States Senate was alwork that must have required for its ac- ways characterized by that impartiality complishment, centuries instead of a and dignity which secures the respect of few years.

coast, and to a considerable extent ofter a long life of honor and usefulness controlled by a foreign power, judicious has sunk into the grave of pious peace purchase as dannexation have lengthen. and patriotic repose. ed and widened the territories of the Union, until they extend from Ocean to Ocean, and successful resistance has guarantial to us by far the greatest amount of civil and religious libery, enjoyed by any nation on the globe. The tyrnany of other lands has sent thousands of valuable minds and stordy arms to assist our rapid growth. And now, as our hearts beat anew, and bosoms swell afresh with thanks to omnipotence, in llions upon millions respond to the late it outpourings of our breasts for the guaranty of an American citizen.

We acknowledge no superior in ful discoveries. European civilization i is true, has rendered valuable assistance by powerful minds, but Americon soil was necessary to their culturethe pure sir of American Fraction was history of the speaker relates the Times. necessary to their vigorous mental developement. The eld would me exiting tain the Union against sectional and fa her reformatory spirits, has lost the true elements of advancement and future gentness, weile the United States in standing forth as the friend of the oppressel, has transferred those elements to her own soil, and thereby extended

the area of human freedom. No other principle has so largely contributed to the accomplishment of so much in so short a time, as the promulgation of the doctrine of the natural equality of man. Opening as it does a field to the entire race, where every one the whole Union is wanted just now for may enlist as competition for the highnot prize in the world's gifts, it has inspire I millions of hearts with a thirst for knowledge that under any other than beve been kindled in their bosoms.— protect the American citizen, who now That knowledge so easily obtained in this country is lighting up all the dark corners of the earth. Bigoter and superstition vanish, and knowledge, and a thirst for free loan supercode wherever His country will continue to speak, 'not the American cit zen is allowed even the partial expression of his thoughts .-Even the example of self-government exhibited by the people of the United States, takes a form, and like a stim spectre of the night, haunts many a t mint, until his very efforts to prevent "-its adoption, are crumbling his throne to just beneath his unhallowed feet .--The spirit of freedom that pervales the very air we breath in this happy land, can no more dwell with despotism, than tle Christian could serve both God and Mammon; Consequently, wherever American citizens are found in any considerable numbers; the fetters of the oppressed are bursting assunder, and the pr ple struggling for liberty. In this respict, a superficial observer might acor case the citizons of the United States cd? with promoting dissensions, but these en dissensions are the natural effects of an Adaptration to self-respect, conscious-

that from them as a party, sprong the than it has yet possessed.

nipotence alone,

boon of universal suffrage, despite the steady and determined opposition of a ic convention all had been division; but tion-that through their exertions, the' side the party that opposed him expired . "Look on this picture, and then on was the chief topic of discussion. forever shut out from that glorious privilege, we are compelled to dedicate our-Especially at the present time, when the temple of freedom, like the temple of the living God in olden time has power and virtue of the people is maniust in the promptness of their rebukwe behold a fresh guaranty for the perseif-respect, and love of country.

The result of our experiment is just heavings of oppressed millions, in the that the world will be free.

#### Pierce is the Man for the Time. [Fr m the London Leader.]

The tame and somewhat stagnant atnosphere of English politics seems to event Englishmen at present from eading truly that which passes in counries less lost to action; and the incapacat such distant parts, as to attest its deep seat and its extent. The Times thinks that Franklin Pierce's first address to his countrymen, as President of the United a Washington without even a George States, must be read with "a large abate- the Third, is possible in America; and ment from the meaning which his lan- the nations will be grievously mistaken while the Morning Chronicle thinks that it is all self neutralized, and declares nothing. Now the language of the doc-

Gen. Pierce declares that he will main natical agitations, and that he will enforce the compromise acts. In America thes will not at all be taken as an admission that he is an out-and-out sup porter of "involuntary servitude," but rather that he is not prepared to inter fore with state-rights-that he will not sacrifice the political nationality of the whole Union to the agitation of a ques tion not yet ripe for settlement, and perhaps never to be settled by the Union And he is right; the united nationality of the purposes of the republic and its white population.

Franklin Pierce declares that the A merican flar, wherever it waves, shall distant parts, not only of America and of Asia, but of Europe. He exalts the star spangled banner as a standard of hope for the oppresse! throughout the world. only by its worls but by its acts, the language of sympathy, encouragement, and by means of a large burning lens, it is hope, to those who earnestly listen to suddenly closed-the inside surface of tones which pronounce for the largest rational liberty." His government will not encourage expelitions in breach of international law; but "uncontrolled by any timit forebolings of evil from ex pansion," it recognizes as necessary not within our jurisdiction." He is in favor of peace, but," prompt reciprocity which being taken up and rolled or will be givin and required."

Now, can we construe such language except to mean that America will be at peace with those who befriend her, but that by regular process sanctioned under international law, Cuba must be annex-

If this language refutes the Chronicle, what ground has the Times for presuming that it must be read with "a large a-La iness of right, any convictions of natural batement." Why was Pierce chosen, equality, and natural allegiance to om- and by whom? He says himself, "The and possession of the Tehuantepec transentiments I now announce were not un- sit route, which was ratified on the 28th known before the expression of the voice ult. We are happy to identify ourselves known before the expression of the voice with the i beral party in this our belo. that called me here;" and yet he was yel land.
